1. An Executive Board meeting was held at 6pm this evening to determine managers for the upcoming season. These selections will be notified and posted on the website.
2. Dave Mantey is looking to organize a coaching course (clinic) which will be mandatory for all new managers and voluntary for returning managers. Dave will agree to be the administrator of the program.
3. We would like to start doing back round checks on all managers and anyone who going to be on the fields in any capacity. Tania Durante will find out about cost from the town and she will collect these forms once the program is in place.
4. Managers will be reminded at this years managers meeting to have all emergency information about their players with them at the fields during games, and if the manager is not there, whatever coach is in charge will have this information.
5. In order to be sure people are showing up for their duties, we will establish a reminder system for the Officer /Manager of the day. Rob Vendetti will send out an automatic e-mail and hopefully this will eliminate missed shifts.
6. Ron Mclean assured us that the 50/50 forms will be filed with the Town of Colonie, and that he has paid the insurance so that we are covered for try-outs and to get started up.
7. Try-out weekend is all set to go on March 3rd and 10th. Be sure all managers send a representative to help out with the try-out that they are not there for. Help will be needed by many to run smoothly. The pinnies will be ready for try-outs so girls will not have to bring there own numbers.
8. The field maintenance day is still set for April 7th. The week prior we will have a couple of people (hopefully Kyle Campbell/Tim O'Brien/Marc Lamarche) go and try to determine what needs to be done so that time will not be wasted on 4/7.
9. Dave Holland our field manager is still in the recovery process. We've decided as a league to donate gift cards from

Applebee's, Hannaford and Mobil to his family. Please keep Dave in our thoughts throughout his recovery.

10. Rob Vendetti will meet with Marty Stafford to renew our Pepsi contract.
11. Nelson Vandenburg will take care of coordinating the practice schedule and batting cage schedule once the fields are ready to be used.
12. The next meeting is March 4th 2007 at Latham Fire Dept at 7pm

Meeting adjourned at 9:06pm
